

# ELEVATING WORK PLATFORM (OVER 11M) STUDENT JOURNEY

**1. Enrol in your Course**  
Book your course online or by calling our friendly customer service team.

**2. Access your learning material**  
You will receive a confirmation email which includes important information and login details for the Online Portal.

If you are enrolled in the advanced course, you **MUST** complete the online pre-course work prior to attending your course.

**3. Attend Your Training & complete your WorkSafe WA High Risk Work (HRW) Assessment**

**If you are completing the Standard Course:**

You will receive 1 full day of training and 1 day for your HRW Assessment.

**If you are completing the Advanced Course:**

You will attend for 1 day for your HRW Assessment. Prior to attending the course, you must have your online pre-course work completed.

**4. Receive your Credentials**

You will receive a Statement of Attainment for **TLILIC0005 Licence to operate a boom-type elevating work platform (boom length 11 metres or more)**

Once you have passed your High Risk Work Assessment you will be issued a Notice of Satisfactory Assessment (NSA) which is valid for 60 days. This document allows you to immediately operate an Elevated Work Platform (Over 11m).

You can apply for a high risk work (HRW) Licence or add a new licence class on an existing HRW licence at [worksafe.wa.gov.au](http://worksafe.wa.gov.au). This must be completed within 60 days. Your photo licence will be mailed to you directly and is valid for 5 years.
